

Appreciation

Posted by OldInjun - 2014/08/07 14:22

This is likely overdue, but better late than never...

I would like to thank the following members for the financial support they have given to the 2+2 Registry over the past few years (in no particular order):

terry43
staffieri
louberr
geoh
2Nick2
RichC
3x2plus2
cat421
paulandres

...and all of you who have patronized the Registry Store, which is the main way I can offset some of the expenses. The Norwalk Reunion T-shirt sales were especially good, so for the first time I've come close to breaking even this year.

THANKS!

Jack

P.S. If I neglected to mention any donors, please shoot me a reminder. It's not because of a lack of gratitude, but a case of an aging memory.
