I bought a beautifully rebuilt 4-speed Hurst shifter from this gent at Norwalk last year, and another for a friend this year:

Kim Newport  
Fort Wayne, IN 46835  
260 704-7538  
email: indhed2@aol.com

His price was only \$225 (no core required) with re-chromed handle and a new knob - can't be beat. Shifter works well.

Tell him you were recommended by the 2+2 Registry.
