Congratulations on your new acquisition! It's a beauty.

I'm guessing you still have the '68, right? If so, let me help you with registering your second 2+2.

ANYONE ELSE WHO IS FORTUNATE ENOUGH TO OWN MULTIPLE 2+2'S, PLEASE READ THIS:
The website software does not allow multiple registrations on the same user name or email address, so you'll need a second email address. If you don't have one, it's easy to set up a free one (gmail, yahoo, outlook, etc.). For the user name, just use something like "hdcolo2".

Our goal here is to register EVERY 2+2 out there, so you lucky people who are hesitating to brag about your stable, please get with it.
