'66 2+2 convertible on Ebay Posted by OldInjun - 2015/08/09 16:06

Advertised as a GTO 2+2, but, hey, a rose by any other name... Search Ebay for item number: 252046021107 This seller is a bit more realistic than the dealer with the \$69,900 ask for his '65. Bid's just over \$40K on a \$48,500 ask. Older resto on a 4-speed 4BBL car, now Tri-Power. Has 8-lugs, tach - even has the pin stripes in the right place. I like this one.

Looks as if it was a no-sale at \$40100.
