New member "8lugs" Al recently acquired a '65 coupe formerly belonging to Walt Schilkowski. Al's web page details the car's history, including its feature as a cover car on the April 2003 edition of "High Performance Pontiac" Magazine, paired with Wally's son Matt's '66 coupe. Those of you who frequent the annual Norwalk show no doubt remember that pair of beauties lined up on the show field together. See the article [here](#).
