First registration today of a 2+2 in Mexico - Hola, JOF!

Got me to wondering how many are from outside U.S. I counted 29 total.

Predictably, most are in Canada - 21.

Next in line is Sweden, with 4.

Surprisingly, there are 2 Kiwi's in New Zealand - one from the North island, one from the South Island (which I can take some credit for - I found the car in NC and hauled it home to DE, then shipped it to New Zealand for the proud new owner).

One 2+2 in Australia.

2+2's worldwide! Who would have guessed it.
