

1966 Grand Prix project car

Posted by OldInjun - 2018/11/17 14:33

1966 Grand Prix project car from the estate of Registry member Kevin Haines.

PHS documented 421 4-speed car, but the engine/trans are missing. Fenders are off the car, and freshly painted (silver). The rest of the body, though complete, was damaged in a garage fire. The black interior is new and undamaged.

The car is located near Painesville, (northeastern) OH. The price is reasonable and negotiable. Contact Mark (not me) at 216 299-2716 for info.
