

1966 2+2 Coupe -Tri-Power 4-speed (pictures added)

Posted by OldInjun - 2019/05/14 14:38

Okay, people, here's what (almost) everyone is looking for - a Tri-Power 4-speed car.

"Bonneville" Joe Evans in Texas is selling this Montero Red, black interior car. If you know Joe at all, you know he is an honest car seller.

Details:

Odometer shows 1,100 miles - probably since an older body-off restoration, not original miles.

Engine is a 421, originally 338hp, now equipped with Tri-Power, sporting tube exhaust headers

AM Radio

Optional gauge package

Power steering / brakes

8-lugs

Optional headrest seats

Joe is asking \$29,500. You may call him at 409-771-4239 or email bonnevillejoe@aol.com

If you buy it (or any other 2+2), register it please.

This car is listed for sale now on Ebay at

<https://www.ebay.com/itm/1966-Pontiac-Catalina-2-2/153644321783?hash=item23c5ea4bf7:g:CyAAAO SwjIRdfw>

I've known the seller for 10 years, and he'll give you an honest description. I think he prefers phone calls vs. emails, so if you're seriously interested call him.

I bought my 2+2 from Joe 9 years ago, you wont find a better man to deal with, a " real square shooter" .
