same colors as mine - except for the top, of course! Interested to see what it brings.

No sale at \$4050. I would have paid more than that, if I had the room in my garage.

Re-listed at [click here](#)

Starting bid \$3500. let's see how it does this time

Auction ended, no sale. Did not meet reserve at \$6,000 bid, against a buy-it-now price of \$7000. With the engine missing, and a long way to go before the car is completed, I think the seller should have taken the \$6000.
