

One Piece Tripower air cleaner

Posted by Andy - 2010/11/16 17:51

If anybody is in need of a 63-65 one piece tripower aircleaner that is in excellent shape let me know. I am willing to sell it as my car is a 66 so it will not fit the center carb. Snorkels and all are in great shape, been in a box since 1969.

Thanks,
