

Bonneville Joe Evans' collection

For fans of all Big Pontiac's (not just 2+2's), check out the latest feature pictorial at Pontiacsonline

"Bonneville Joe" has a stunning collection of early Bonneville's, plus a '66 2+2 coupe. His bevy of Bonne's is heavy on '58 models, of which I am particularly fond - my first car was a '58 Bonneville convertible.

Joe is usually at the big Pontiac shows with a vendor space. Good guy to deal with.

Registry member PontiacLadylady bought her '65 2+2 coupe from Joe.
