

Ebay '66 clone??

Posted by OldInjun - 2011/07/20 23:36

Parts/project car on Ebay Click here for link

Car was originally listed as a 2+2, but the VIN starts out as 25237, indicating a Catalina. Would love to know the history on it, as someone went to a lot of trouble to make it look like a 2+2, including changing the dash.
