Hi All

I have 2 1986 grand prix 2+2's. My plan is to fix my first car (1984 GP) up and I will likely use a variety of the 2+2 parts. I am likely going to use the interior, front nosecone and the black trimmed stuff. Still undecided on the rear window. Anyways, here are some pics. Will post a second thread for the other one.

If someone wants to email me about parts, you can email me at (my username)@hotmail.com
