

1962 Big 1962 Pontiac grill, headlight bezels

Nice driver quality for all 1962 Big Pontiac's: left & right side grills, headlight bezels, and the gold script nameplate for a Bonneville.

Also, decent plastic kick panels for a '65 (probably fit a '66 also - anybody know if they are identical?).

Originally gold color, could be re-dyed.

Price negotiable - thought I'd throw them out there for you people before I Ebay them.
