Well I've decided to sell my 2+2. I'm in the middle of a build on a '67 GP and have already spent TWICE my total budget, got to sell the 2+2 to get finished on the GP.

Pics are on here and the PY site under the same name I use here, it's a great car with lots of options including 4 speed, numbers match and I added the correct tri-power carbs etc. including the correct air cleaner a couple of years ago. Lots of new parts, tires, etc. Price is \$23,500.00. Call if interested at 256-283-4081 or email for more pics and info at alltide@cableone.net.
