

'65 pin stripe

Posted by 421 HO - 2012/11/16 00:53

does anyone know correct width and spacing of '65 2+2 pin stripe and what colors were available?
having no luck printing a close up picture.

Below is a link to a photo album referencing 1965 2+2 pin striping:
[Click here for link](#)

(Don't try this on a '66 - the stripes go above the body side molding)
