

\$4, \$3, \$2, \$1 Wholesaler Closeout Wipers at RockA

Posted by RockAuto - 2013/04/05 13:09

A competitor switched suppliers for their private label wiper line and created one of the best Wholesaler Closeout bargains for RockAuto customers ever! First-quality wiper blades and refills made by Trico, including the latest "beam-style" blades and specialty products like Winter and Teflon blades, are now available priced under \$4.

Examples:

\$1 or less for OE Metal Refills and Twin Rail Metal Refills

\$2 or less for AeroVantage

\$3 or less for Heavy Duty Blade, Winter Blade, Exact Fit, and Winter Teflon Blade

\$4 or less for Teflon Blade, Classic Blade, Teflon Shield, Innovision, Contour BB, and Neoform

Some of these wipers made by Trico originally cost more than \$20! It is the perfect time to replace the wipers on your vehicles or stock up on the wipers your customers will need if you're a professional mechanic. As with all Wholesaler Closeouts, quantities are limited so get them while you can! Find wipers for your vehicle under "Wiper & Washer" in the RockAuto catalog.
