I'll be there, arriving early Friday AM. This will be my 5th Norwalk show - always fun. I believe Terry "terry43" will also attend, as will Mike "8lug" Strong and Kevin (not registered) Haines. There are always some other Registry members at Norwalk who do not bring their 2+2's, so anyone who wants to make it their home base is welcome to share the shade under the blue canopy with the 2+2 Registry banner on the show field. If we get enough interest next year, I'll arrange a 2+2 Reunion. Tried last year, but there weren't enough 2+2's to get it going. If I know soon enough, the organizer is willing to give us our own area on the show field to park as a group.

Good. I should be there early Fri. afternoon. Didn't get a chance to meet you in Dayton. Have a safe trip. Missed this last year due to taking a trip across country after leaving St. Charles, IL. Prior to that, I had 5 consecutive Norwalk shows.

Just got home at 11.45pm last night from Norwalk - great show as always, despite rain on Saturday. Possibly the highest number of 2+2's in attendance since I've been attending (2009-13). I counted 11 cars, including 2 for sale in the car corral. More details to follow - a bit tired right now.

Looks like 2 + 2's did pretty well at Norwalk. Congratulations to everyone.
